Tournament Conditions

The format will consist of a Stroke Play round in the morning with players still representing either Town or Country, and singles match play in the afternoon.

The afternoon match play pairings will be determined by the results of the Stroke Play morning round. I.e., the 1st placed Country Senior player from the Stroke Play round will play their singles match play match against the 1st placed Town Senior player from their Stroke Play round, and so on for all categories.

The results of the Match-Play games will decide the Town vs Country sections and overall result.

Both the Stroke Play round and match play rounds will commence with a shotgun start across the course. All efforts will be made to overcome the logistical timing challenges that may present themselves as best as possible, however in the event the match play rounds can't be concluded due to fading light, the morning Stroke Play scores will be utilised to decide the Town vs Country title.
